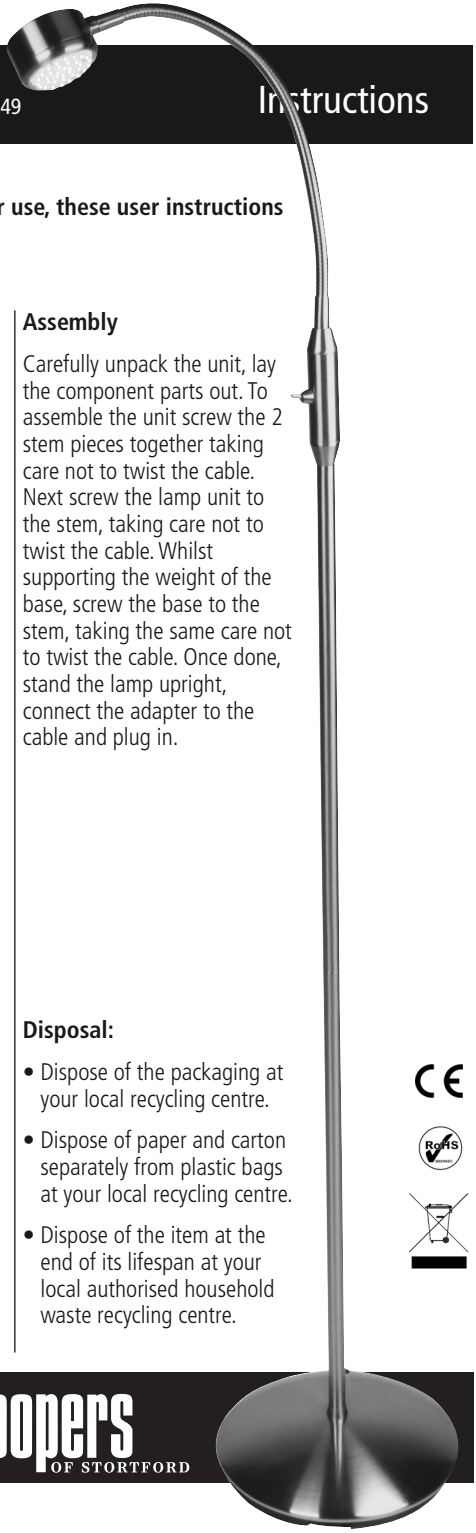
LED Reading Light 6049 Instructions



To avoid damage or danger caused by improper use, these user instructions should be carefully kept and followed.

Caution

- Ensure that your mains voltage corresponds to that stated on the appliance. The appliance should be connected to an earthed mains socket.
- Use only the adapter supplied.
- Never use the appliance if any part is damaged.
- There are no user serviceable parts, if a fault develops, the unit must be returned to the supplier for repair/replacement subject to guarantee conditions.
- Do not allow the unit to get wet.
- Do not allow the cable to lie on hot surfaces.
- Route the power cable so that it will not get walked on or pulled.
- Always disconnect from the power supply when cleaning the unit.
- Do not allow children to play with this unit, it is not a toy.

Use

- Plug into an earthed mains socket.
- Turn the switch to ON, the light will illuminate.
- Switch off after use.

Technical data

Adapter: Input 100-240v, 50-60HZ30v/50Hz.
Output 24v, 100mA

Lamp: Input 24v 3W

35 Super bright LED bulbs 9000-11000 mcd per bulb.

The unit tested to EN60598-1: 2004
and EN60598-2-4: 1997

Assembly

Carefully unpack the unit, lay the component parts out. To assemble the unit screw the 2 stem pieces together taking care not to twist the cable. Next screw the lamp unit to the stem, taking care not to twist the cable. Whilst supporting the weight of the base, screw the base to the stem, taking the same care not to twist the cable. Once done, stand the lamp upright, connect the adapter to the cable and plug in.

Disposal:

- Dispose of the packaging at your local recycling centre.
- Dispose of paper and carton separately from plastic bags at your local recycling centre.
- Dispose of the item at the end of its lifespan at your local authorised household waste recycling centre.
