

SIZE: 98cm x 39cm (38 ½" x 15½")

This bath mat is made from special impregnated polyester.

Available in solid white, translucent blue and clear.

INSTRUCTIONS FOR USE

- Unroll mat and lay flat for 24 hours before use, re-rolling the mat on the reverse side will help the mat to lay flat, soaking the mat in warm water for 10 minutes prior to first use will also help.
- The bath must be clean and free of any dirt or oil, the mat is not designed to use on a textured bath surface, as the suction cups will not hold properly and the mat may become a hazard.
- Before filling the bath, centre the mat with the suction cups underneath.
- Fill the bath to the level required, firmly press down from the centre of the mat, across the entire mat surface. Take care not to slip.
- When entering the bath, firmly step on at least 8-10 places to ensure a proper vacuum hold.
- If the mat is not firmly anchored, repeat the procedure.

CAUTION

- Always check the water temperature before entering a bath.
- Never leave small children unattended in the bath.
- Do not use the mat if not firmly in place.
- Do not use on textured surfaces.
- Keep the bath clean.
- Be careful when entering and exiting the bath.

CLEANING INSTRUCTIONS:

- After use, lift the mat in one corner and carefully peel back, rinse the mat and hang to dry, do not use any heat source, i.e. radiator to dry the mat.
- With care this bath mat will remain soft and pliable to the touch, it is easy to keep clean and machine washable at low temperatures.
- Check the mat regularly for damage or excessive wear. Do not use the mat if it is damaged or worn.

DISPOSAL:

- Dispose of all packaging, paper, cartons and plastic, plastic bags in accordance with your local recycling regulations.
- At the end of the product's lifespan please dispose of it at an authorised household waste recycling centre.
