- Provide cushioning.
- Fit perfectly to the arch and follow the curve of your feet.
- Enhance stability by forming as a cradle for the foot and prevent the rolling of the foot in the shoe.

Can be cut to the following sizes:

Size 3 to size 8 for ladies, size 8 to size 13 for mens.

1. Determine the size of your shoes and the contour corresponding to them on the base shape memory.
2. Place the insole on a flat surface to cut it properly.
