

Instant Buttons Set of 5 Round

Got a sweater or blouse that's a little too low? Here's a quick fix you'll be proud of to show off! These buttons come in five different colours to match almost every outfit. Work on wrap-front dresses and sarong skirts too.

Instructions for Use:

- Behind each button is a butterfly clasp. Squeeze this clasp together to pull out the button attached to the pin.
- Place the pin where desired through the fabric and check that it firmly holds together.
- Once again, squeeze the end of the butterfly clasp and insert onto the pin.

Warning:

The pin may leave a small hole on delicate fabrics. Please check in an inconspicuous part of the garment before use.
