

# Gel Wrist Silicone Thumb Support Pair

Thank you for purchasing our Gel Wrist Silicone Thumb Support that will help to ease your muscle pain and relieve pressure.

Designed with magnets, which are known to help with blood circulation and to reduce wrist ache.

To fit: Simply pull evenly over your hand. Do not overstretch as it may cause a tear

**Material Composition:**  
77% SEBS / 23% Silicone  
450 Gauss Magnet Strength

**Cleaning:**  
Wash with warm water and soap

**MAGNETIC WARNING:**  
Please never swallow or inhale magnets.  
The compound of magnets in the human body could lead to serious injuries and could make an immediate medical care necessary.
