

Owl Shape Moisture Absorber

Thank you for purchasing our Owl Shape Moisture Absorber that will keep your room damp free.

Say goodbye to damp, mold and condensation with these cute animal dehumidifiers that use natural clay to wick away excess moisture.

Small, compact and portable, they are great for sitting on a windowsill in a kitchen, bathroom or any other room in the house. Can be also used in the car to keep steamed up windows at bay, or in a caravan, mobile home or even the garage.

The moisture absorbers are made of natural clay that acts as a magnet to water.

Simply dry out on a radiator or in the oven or microwave ready to use again.

Eco-friendly and economical , lightweight and portable

Natural clay interior with fabric cover

Re-usable – simply dry out on a radiator or in the oven/microwave

Lasts up to 3 months before it needs to be dried
