

Pk2 Solar Hanging Basket Light G372 Instructions for Use

Please read and retain these instructions for future reference

v001: 08/11/19

Dimensions:

14cm in diameter, 40cm overall length with chain
3 chains hooking into the hanging basket

Battery:

Non-replaceable battery: AA 1.2V Ni-MH 300mAh
Solar panel details
Contains LED bulbs (not replaceable)

Max weight load: up to 15kg

Safety Guidelines

1. This is not a toy, keep away from children and pets during use and assembly.
2. Check for damage before use, do not use if bulbs are damaged.
3. Keep away from heat sources and naked flame.
4. Suitable for outdoor use only. In severe or extreme weather conditions, remove and store product in a safe location.
5. This product is for decorative purposes only, it is not suitable for household illumination.
6. Do not submerge in water or any other liquids.
7. Do not attempt to replace the "non-replaceable" LED bulbs.
8. Do not look directly into the LED.

ASSEMBLY & INSTALLATION:

Carefully remove the product from the packaging. Place and secure the product in its chosen location. Please charge the unit for 2-3 days in good sunlight or 5-7 days if overcast to provide a base charge before switching on.

It is essential the solar panel is positioned such as to receive maximum sunlight, free from shade, cover or other obstructions.

Avoid other light sources which may cause solar lights to flicker. Ensure the panel remains clean and free from debris.

OPERATION:

To activate/deactivate, switch the button on the unit to the desired setting.

Illumination will activate at dusk and switch off at dawn (subject to sufficient charge). Illumination duration will vary depending on charge and subject to season, weather and panel location.

*Calls cost 7 pence per minute plus your telephone company's network access charge
