

## Table Top Hand Crank Cutter & Slicer

### FINE BLADE

This blade has the smallest holes. Use the fine grating drum to produce finely grated cheese, biscuits and nuts. This drum makes quick work of grating onions to incorporate into dips and dressings.

### COARSE BLADE

This blade has large holes. Use the coarse grating drum to produce shredded cabbage, potatoes, carrots, cheese, and many other items. This drum is perfect for preparing ingredients for coleslaw and numerous cold salads.

### SLICING BLADE

This blade has the long slit. Use the slicer drum to produce thin slices of cucumber, zucchini, and potatoes. These thin slices are perfect for making homemade chips, salads, and au gratin vegetable dishes.

A fast, efficient hand-powered rotary grater that quickly and easily grates, shreds and slices cheese, vegetables, biscuits, nuts and more. Featuring a wide hopper that allows substantial quantities of food, pusher that keeps fingers away from the blades. Three different stainless steel drum blades deliver fine grating, coarse grating/shredding and slicing. Drum blades switch out for easy cleaning. An angled dispenser reduces any clogging and a suction base securely attaches to the unit to a clean, dry, non-porous surface. A reliable and durable dose-it-all countertop companion

### FEATURES

- 3 interchangeable stainless steel drum blades
- Easy-to-use hand-crank mechanism
- Angled dispenser reduces clogging
- Powerful suction base adheres to smooth, non-porous work surfaces
- All pieces are detachable for cleaning
- Hand wash only
