

**ALWAYS POSITION IN DIRECT SUNLIGHT FOR BEST CHARGING****Dimensions:**

27cm x27cm x18cm

Battery: 1x AAA 1.2V 600MAH NI-MH

LED lights are not replaceable

- STUNNING OPEN LOTUS FLOWER WHICH IS A SYMBOL OF BEAUTY AND GRACE
- THE CENTRAL CRACKLED BALL AUTOMATICALLY LIGHTS UP AT NIGHT GIVING OFF A WARMING SERENE GLOW THAT REFLECTS OFF OF THE FLOWER PETALS
- SOLAR POWERED

Installation

Unpack the components carefully. Please check all parts have been removed from the packaging.

The solar panel box can be positioned in the ground with the pointed stake. The stake should be pushed into the ground until it is firmly in place. To easily insert stakes into the ground, it is recommended to wet the ground first. To avoid damaging garden stakes when inserting into the ground, select a spot in soft, rock-free soil. Insert the base of the stake first then gently insert the rest of the stake into the base. DO NOT push directly against the solar cell or the ornament housing containing the actual LED light.

IMPORTANT:

1. Install the solar light in an area where it can get direct sunlight.
2. Leave the button to "ON" position.
1. Select an outdoor location away from other light sources at night, such as street lights. It may cause the product not to turn on automatically at night.
2. Duration of light depends on solar product's level of sunshine exposure, geographical locations, weather conditions and the hours of daylight.

CHANGING THE BATTERY:

- Only use replacement battery of the same type as stated above.
- Unscrew screws and remove bottom plate from the solar panel box.
- Remove the old battery.
- Replace a new battery; be certain to install the battery with the proper polarity. Replace the bottom plate and reinstall the screws.

BATTERIES

- Keep batteries away from children and pets.
- Do not mix used and new batteries.
- Remove the batteries if left for long periods.
- Never dispose of batteries in a fire.
- Battery disposal, spent or expired batteries must be properly disposed of and recycled in compliance with local regulations. For detailed information, contact your local authority.
- Follow the battery manufacturer's safety, usage, and disposal instructions.

DISPOSAL

- Dispose of all packaging, paper, cartons, plastic and plastic bags in accordance with your local recycling regulations.
- At the end of the product's lifespan please dispose of it at an authorised household WEEE waste recycling centre
