

Ceratitanware™ All-Round Square Pan

Product Code: A171833

CERA TITANWARE™

Instructions – please read completely before use.

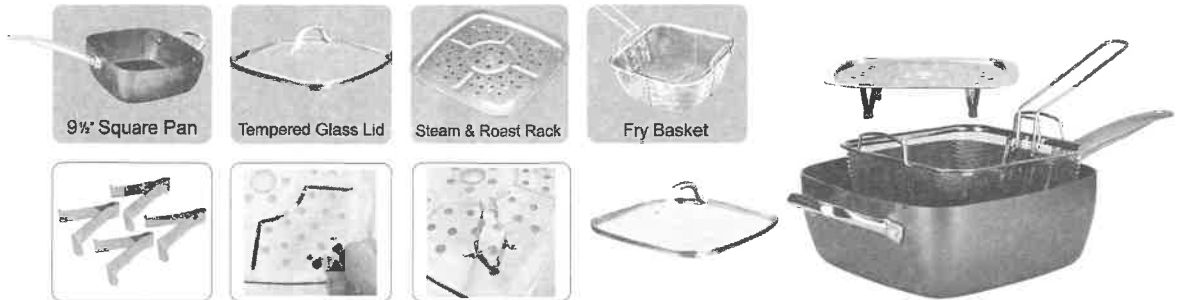

Care Instructions:

Please read these instructions carefully before use and keep in a safe place for future reference.

Use/ Care:

- Before first use - remove all packaging materials
- Wash in warm soapy water
- Rinse and dry thoroughly with a soft cloth

Contents:

Before cooking with the Pan Set for the first time, wipe the inside of the Pan with a napkin and a little cooking oil. This should be done from time to time to preserve the quality of its surface.

Utensils:

- Plastic, silicone or wooden utensils are recommended
- Avoid using any sharp objects or metal utensils as they can scratch or damage any non-stick surface.
- Always remove food from the pan before slicing or cutting.

Cleaning:

- Cool completely before washing, if they are still hot this could damage the coating
- Hand wash with a soft cloth or sponge and non-abrasive washing-up liquid in warm water. Rinse and then dry with a soft towel
- The Pans are dishwasher safe; although it is recommended to hand wash them as the salt, steam and heat from the dishwasher may damage the coating with continuous cleaning up this way.
- The Pan Set can be used on gas, electric, induction and ceramic hobs

Caution:

- Never leave the pan unattended when in use
- Keep away from children
- The Pans and their contents when cooking will become very hot. Avoid touching the hot surfaces and only use the handle to avoid the hazard
- Always cook on medium or low heat. Too high temperature can damage the non-stick coating
- Do not overheat an empty Pan or allow liquid to evaporate when cooking as this may affect the Pans non-stick properties.
- Do not pour cold water into a hot pan as this can cause warping from sudden temperature change
- Do not use in the microwave
- Both Pan and Lid are Dishwasher and Oven Safe.
- Please follow below maximum temperature guidelines:

Pan: Oven safe up to 260°C/500°F

Lid: Oven safe up to 180°C/356°F
