ASSEMBLY INSTRUCTIONS / INSTRUCTIONS FOR USE:

Unpack the components carefully. Please check all parts have been removed from the packaging.

Yes✓

You can put any of these in your bin (raw or cooked):

- ✓ Fruit and vegetables
- ✓ Eggs, cheese and dairy
- ✓ Meat(raw and cooked)
- ✓ Fish(raw and cooked)
- ✓ Bread and cakes
- ✓ Pasta, rice and beans
- ✓ Tea and coffee
- ✓ Bones
- ✓ Uneaten food

Isolation of odours: The compost bin is equipped with a thickened activated carbon filter that absorbs odours from the remaining food and makes your kitchen air fresher.

The carbon filter is located in the lid of the compost bin, which keeps your compost container odour and fly free until emptied on the outdoor compost pile.

Portable handle: The compost bin has two handles and a small handle on the lid to make it easy for you to open the bin. Another handle is attached to both sides of the bin, making it easy for you to move the compost bin.

Appropriate capacity: 4.5L compost bin, which can hold the remaining food for several days, suitable for storage on a countertop or under a sink.
