

Product size:  
19.5cm x7.7cm x13.5ch (H)

Materials:  
Polypropylene

## INSTRUCTIONS FOR USE:

Unpack the components carefully. Please check all parts have been removed from the packaging.

Simply place the Gutter Downspout Guard in the gutter where it meets the downspout. Flowing water will push leaves up the Gutter Downspout Guard and out of the gutter, preventing them from clogging the downspout. Water flows unimpeded through the grid to the downspout.

Gutter Downspout Guard fits standard residential gutters and downspouts.
