

### Dimensions:

178cm wide, 115cm deep, height at tallest point 45cm

### Material:

Polyethylene Woven Cloth

Ground pegs (included)

Fibre glass poles(included)

### Capacity

300l

- Easily rake in and haul away up to 4 wheelbarrow loads of leaves, brush, or grass clippings in one trip
- It is like a giant dustpan and better and easier than a wheelbarrow!
- Better than a tarp-it has sides to contain more, four handles for easy dragging, and stakes to hold it in place on windy days
- Made of rugged woven tarp material
- Folds for compact storage
- Simply rake the garden waste into the leaf collector & empty in your garden waste bin or bag, by folding and tipping
- Folds flat for easy storage

### Caution

**If leaves are wet this will make the Leaf Collector heavier to pull and reduce capacity.**

### DISPOSAL

- Dispose of all packaging, paper, cartons, plastic and plastic bags in accordance with your local recycling regulations.
- This is made from the following plastic

Code & Symbol	
Type of Plastic	Polyethylene
Commonly used for	Plastic bottles, plastic bags, trash cans, imitation wood
Notes	Commonly recycled and collected from household recycling bins (packaging tape itself not recyclable but does not interfere with cardboard)

- At the end of the product's lifespan please dispose of it at an authorised household waste recycling centre.
