

Dimensions

5cm (H), 38cm (D)
47cm wide in back, 68.5cm wide in front; expands up to
59.5cm wide in back, 81cm wide in front.

Material

Phosphate treated cold rolled steel

Caution: This tray may discolour if hot ashes are collected from the fireplace. Always let the ashes cool before placing onto this tray.

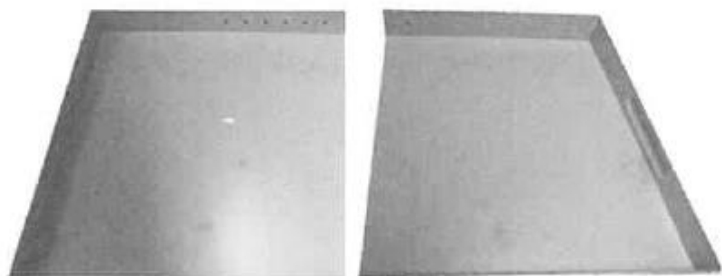

ASSEMBLY INSTRUCTIONS / INSTRUCTIONS FOR USE:

Unpack the components carefully. Please check all parts have been removed from the packaging. Phillips screwdriver needed for assembly (not included).

Assembly

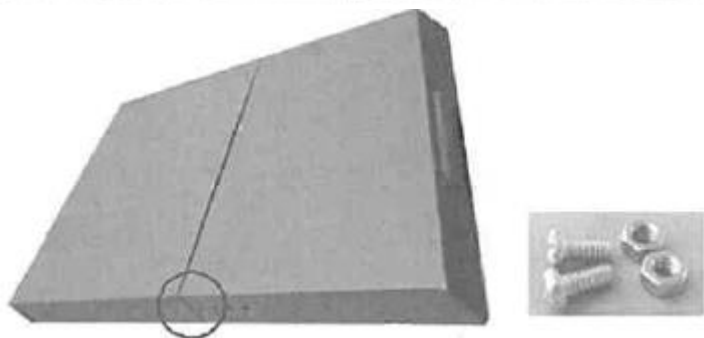

Step 1:

Adjust both pieces of tray to fit the size required for your fireplace.

Step 2:

Make sure to align the holes on both sides of the tray.

Step 3

Insert the bolts and nuts into the hole and tighten a nut around each screw.

Step 4

Make sure the bolts and nuts are tight to steady the tray for safety and security.

Step 5

Set the tray in place under the andiron or grate of your fireplace.

Warning

Hot and cooling ashes can be a fire and carbon monoxide hazard. Wait until the ashes have completely cooled down before handling the tray. As a precaution, use proper protection such as safety gloves when handling the tray. Take your time to remove the ashes to avoid any spreading across your room. Slowly transport the tray outside of your house and dispose of in a designated area.

Coal ash should always be disposed of safely, wood ash can be used in several ways once cooled e.g. in compost or for the ground, on icy surfaces or to protect vegetables from slugs and snails. Check with local council for specific guidance for disposal of ash into general waste.

CARE AND CLEANING INSTRUCTIONS:

- Wipe with a clean dry cloth.

DISPOSAL

- Dispose of all packaging, paper, cartons, plastic and plastic bags in accordance with your local recycling regulations.
- At the end of the product's lifespan please dispose of it at an authorised household waste recycling centre.
