

**G795 WC POWDER INSTRUCTIONS
BIONUR WC POWDER
USAGE AND SAFETY
INSTRUCTIONS**

1. Before using the Bionur WC Powder flush the toilet bowl.
2. Wait a few minutes.
3. Pour a kettle full (1.5 litres) of boiling water into the toilet bowl.
4. Carefully open the tub and pour a cup full of powder into the toilet bowl.
5. Please note that a plastic cup is provided for this purpose.
6. This will create a foam which will expand to the bowl rim edge.
7. For large toilet pans, and areas with hard water, you may need to add a little extra powder (add a little at a time till you get the correct amount required) or use a toilet brush to push the foam up and under the rim if necessary.
8. When the foam finally collapses back down into the toilet bowl flush the toilet.
9. Use a toilet brush to remove any spot residue and clean the toilet brush after use.
10. Do not touch the powder or foam with your hands.

Please ensure you close and completely seal the WC Powder container after use and keep in a cool dry place.

This product is safe to use in toilets that work in conjunction with Septic Tanks.

First aid:

Please refer to the safety instructions on the tub label. Causes skin irritation. Causes serious eye damage. Keep out of reach of children. Avoid breathing dust. Wash hands thoroughly after handling. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If skin irritation occurs: Get medical advice/attention.

Dispose of the contents/container in an authorized waste facility as hazardous waste, and always place inside the polybag for safe transportation.

Should you wish to return this product to the retailer for any reason, please ensure the tub is securely closed and then placed inside the polybag provided for additional protection, and to prevent any of the powder being dispersed in transit.
