Red LED Epilator

H113 v02: 21/10/22

Please read and retain these instructions for future reference

vivadia

Dimensions

20 x13 x4cm

- SINGLE PRECISION EPILATOR HAS A SINGLE ROTATING FUNCTION THAT REMOVES HAIRS AT THE ROOT WITH PRECISION
- INCLUDES AN LED LIGHT SO YOU CAN SEE IN MORE DETAIL
- REQUIRES 2 AAA BATTERIES (NOT INCLUDED)
- ITS SPINNING VANES ENSURE A GENTLE HAIR REMOVAL FROM HEAD TO TOES. GENTLE ENOUGH TO REMOVE HAIR ON THE UPPER LIP, CHIN AND OTHER SENSITIVE PARTS.
- SMOOTH SKIN FOR UP TO 6 WEEKS DEPENDING ON SENSITIVITY.
- ERGONOMIC SHAPE
- USE ON FACE, ARMPITS, LEGS, BIKINI LINE
- TAKES AWAY THE RISK OF USING A RAZOR

When you use the epilator for the first time, open the lid of the battery compartment (picture 1), then insert 2x AAA batteries (not included) by observing the polarity indicated in the battery compartment and put the lid of the battery compartment back in place (picture 2).

REMARK: Before using the epilator for the first time, try the product on your hand. The light perception you feel will reduce in the course of time.

USING INSTRUCTIONS:

- When you remove hair at the root, it is important to keep the skin stretched in order to avoid pinches and to reduce possible uncomfortable feeling.
- When you switch on the epilator, the light indicator should light up (picture 3).
- Hold the epilator in a 90° angle position in relation to the depilation area by keeping the product "back facing you".
- No pressure is necessary.

LD, 160 Bd. de Fourmies, 59100 Roubaix, France Tel: (+44) 1279 701269 *UK Calls cost around 7 pence per minute plus your telephone company's network access. Please check with your telephone supplier.

Red LED Epilator

Please read and retain these instructions for future reference

- Move the epilator by doing quick and light circles on the skin surface (picture 4).
- For epilating the backside of the knee, stretch your leg in order to have your skin stretched, and then hold the appliance as previously indicated in a 90° angle position.
- It is necessary to clean the epilator after each use. Please refer to "How to clean the epilator".

The epilator can be used to remove hair from the face, on the superior lip (picture 5), chin and cheeks. Do not use the epilator for the eyebrows. It is possible to use it for the area between the eyebrows.

If you wish to use the epilator for removing hair at the bikini area (picture 6), armpit (picture 7) and legs, only remove hair that is longer than 5 mm (picture 8).

HOW TO CLEAN THE EPILATOR:

- Be sure that the unit is turned off (picture 9).
- Carefully take the lid off from the unit (picture 10).
- Use the included brush to remove remaining hair from the epilator (picture 11).
