- ONLY NEEDED AROUND THE EDGES OF THE POND AS THIS IS WHERE PREDATORS ATTACK!
- NO TOOLS NEEDED
- YOU CAN EVEN CUT TO FIT USING SCISSORS
- A PACK OF 20 WILL COVER AROUND 3M IN DIAMETER
- EASILY REMOVED FOR POND CLEARING

## Safety Warning

This product is designed to help protect your fish from predators. It does **NOT** offer **ANY** protection in regards to children around the pond. Children must be supervised at all times around water.

## ASSEMBLY INSTRUCTIONS / INSTRUCTIONS FOR USE:

Unpack the components carefully. Please check all parts have been removed from the packaging.

Using the joining clips supplied, attach all the required pieces together in pairs (Fig. A). Then join the pairs together to cover the circumference or area of pond required (Fig. B) prior to placing them into the pond.

The Enterprise Department  
Head Office: 11 Bridge Street  
Bishop's Stortford, CM23 2JU  
Tel: 0844 482 4400\*  
Fax: 01279 756 595  
[www.coopersofstortford.co.uk](http://www.coopersofstortford.co.uk)

Individual pieces can be cut with secateurs or strong scissors to allow for plants and other obstacles.

### How to calculate number of pieces required

Measure the circumference of the pond, divide the circumference by the diameter of one piece (27cm), this will give you the required number of pairs needed to protect your pond as shown in the image below. Predators such as herons and cats will normally only strike at the edge of the pond and therefore it is not necessary to cover the whole pond. 20 pieces will cover approx. circumference of 2.7m (8.9ft) OR surface area of 1.6m<sup>2</sup> (17.4ft<sup>2</sup>).

### DISPOSAL

- Coopers of Stortford use recyclable or recycled packaging where possible.
- Please dispose of all packaging, paper, cartons, packaging in accordance with your local recycling regulations.
- Plastics, polybags – Contains the following recyclable plastic.

Code & Symbol	
Type of Plastic	Polypropylene
Commonly used for	Microwaveable food containers, yoghurt pots, butter tubs, disposable plates and cups
Notes	Commonly recycled and collected from household recycling bins (packaging tape itself not recyclable but does not interfere with cardboard)

- At the end of the product's lifespan please check with your local council authorised household waste recycling centre for disposal.
