Safety Instructions

- The product is only intended for outdoor, decorative lighting.
- The product is not a toy. Keep children under supervision to make sure they do not play with this product.
- Do not use the product near flammable materials.
- Do not expose the battery to naked flames or heat.
- The lamp and solar panel are weather resistant, but do not immerse them in water or any other liquid.
- Do not look directly into the light source when it is switched on.
- The light source is not replaceable. Discard the product if it stops working.
- Do not attempt to charge the batteries with a battery charger that is connected to the mains, and do not attempt to run the product from the mains.

ASSEMBLY INSTRUCTIONS / INSTRUCTIONS FOR USE:

Unpack the components carefully. Please check all parts have been removed from the packaging.

Positioning

Place the product so that it is exposed to full sunlight at least 6 hours per day. Battery charging and lighting up are reduced in the shade. The product can switch off automatically if put near strong sources of light, such as street lamps. Duration of light depends on solar product's level of sunlight exposure, geographical locations, weather conditions and the hours of daylight.

*Calls cost 7 pence per minute plus your telephone company's network access charge

Using for the first time

Put the power switch in the ON position.

The product is controlled automatically by a light sensor. The product switches on automatically at sunset and runs on the energy stored in the battery. Switch off the product, to save energy. If the product does not light up automatically at sunset, check:

1. That the switch is in the ON position.
2. That the solar panel is in a position where it is exposed to direct sunlight.

CARE AND CLEANING INSTRUCTIONS:

- Always switch off and remove batteries when not in use.
- Do NOT immerse in water.
- Do NOT use abrasive cleaners or sharp utensils to clean.
- Regularly clean solar panel with a damp cloth.

BATTERIES

- **When replacing the batteries – only use rechargeable batteries.**
- Keep batteries away from children and pets.
- Do not mix used and new batteries.
- Remove the batteries if left for long periods.
- Never dispose of batteries in a fire.
- Battery disposal, spent or expired batteries must be properly disposed of and recycled in compliance with local regulations. For detailed information, contact your local authority.
- Follow the battery manufacturer's safety, usage, and disposal instructions.

DISPOSAL

- Coopers of Stortford use recyclable or recycled packaging where possible.
- Please dispose of all packaging, paper, cartons, packaging in accordance with your local recycling regulations.
- Plastics, polybags – Contains the following recyclable plastic.

Code & Symbol	 LDPE
Type of Plastic	Low Density Polyethylene
Commonly used for	Shopping bags, bread bags, squeeze bottles, stretch/pallet wrap, bubble wrap, multi-pack can holders
