

Nectar Feeding Stake

K201 v002: 09/03/22

Please read and retain these instructions for future reference

GAINSBOROUGH
Garden & Wildlife

Dimensions

(H) 120 x (W) 33.5 x (D) 15.5cm

Material: Metal, glass, sponge x2

- THE GLASS BOWL INSIDE THE FLOWER HEAD CONTAINS A SPONGE WHICH WILL ABSORB THE NECTAR GIVING AN IDEAL PLACE FOR BEES AND BUTTERFLIES TO REST AND SIP GIVING THEM SOME MUCH NEEDED ENERGY (ONE SPARE SPONGE INCLUDED)
- YOU CAN ALSO PLACE SOME ORANGE SLICES ON THE LEAVES TO ENCOURAGE THEM EVEN MORE

Includes 4x 40g sealed sachet with a mix of sugar and Cole flower – Simply dilute with water, TO GET YOU STARTED!

KEEP AWAY FROM CHILDREN, DO NOT INGEST.

ASSEMBLY INSTRUCTIONS / INSTRUCTIONS FOR USE:

Unpack the components carefully. Please check all parts have been removed from the packaging. Slide the pieces of the stake together, then press the footed stakes fully into the ground and slide the leaves into the slots on the sides of the pole.

To easily insert stakes into the ground, it is recommended to wet the ground first. To avoid damaging garden stakes when inserting into the ground, select a spot in soft, rock-free soil. Insert the base of the stake first then gently insert the rest of the stake into the base. DO NOT push directly against the ornament housing.

Place the glass bowl into the Dahlia with the sponge inside. The glass bowl is perfect for holding nectar with the bright sponge providing a place for butterflies to land. You can also place orange slices in the bowl or on the leaves as another way of attracting butterflies.

Dilute the sealed sachet and add it to the sponge. Use 40ml of water per 40g sachet. The validity date of the food sachet is 1 year when kept under normal temperature.

To make your own butterfly nectar, mix 4 parts of water with 1 part of sugar and boil for a few minutes until the sugar has dissolved. Let the mixture cool thoroughly before adding to the feeder. Replace the nectar every 1-2 days ensuring that bees and butterflies are provided with fresh nectar. Large batches can be stored in the fridge for 3-4 weeks.

DISPOSAL

- Coopers of Stortford use recyclable or recycled packaging where possible.
- Please dispose of all packaging, paper, cartons, packaging in accordance with your local recycling regulations.
- At the end of the product's lifespan please check with your local council authorised household waste recycling centre for disposal.
