Tel: (+44) 1279 701269

*UK Calls cost around 7 pence per minute plus your telephone company's network access.
Please check with your telephone supplier.

Recommendations for composting

- Empty your recyclable kitchen waste bin every day in order to deter fruit flies and avoid smells.
- Add kitchen towels, paper tissues, toilet roll middles to soak up excess moisture.
- Do not empty liquids into your bin.
- Using brown paper liner or newspaper in your kitchen bin you can simply remove the full paper liner and deposit it in your compost bin.

ASSEMBLE THE MAIN BODY

Attach whisks to the side panels.

Connect side panels using connecting buckles and sliding frame. Arch the 2 sections together to push green clip. Then work your way round.

Fit main panels at top and bottom clipping them in place.
Clip together main stand.

ASSEMBLE THE STAND

Connect main stand with side stands.

Push metal tube through the drum.

Push the metal tube through the assembled drum and rest it on the stand.

Fit tube plugs to the metal tube on both ends

Fit stand buckle on either side of the stand.

Fix metal tubes with bolts and nuts on both ends.

DISPOSAL

- Coopers of Stortford use recyclable or recycled packaging where possible.
- Please dispose of all packaging, paper, cartons, packaging in accordance with your local recycling regulations.
- Plastics, polybags – this is made from the following recyclable plastic.

Code & Symbol	 PP
Type of Plastic	Polypropylene
Commonly used for	Microwaveable food containers, yoghurt pots, butter tubs, disposable plates and cups
Notes	Commonly recycled and collected from household recycling bins (packaging tape itself not recyclable but does not interfere with cardboard)

- At the end of the product's lifespan please check with your local council authorised household waste recycling centre for disposal.
