

Set 6 Cut Out 2 in 1 Solar Lights

K241 v002:02/12/22

Please read and retain these instructions for future reference

GAINSBOROUGH
Garden & Wildlife

ALWAYS POSITION IN DIRECT SUNLIGHT

1*2/3AAA100 Ni-Mh – Rechargeable
(included)

Dimensions

37.5* 6.9* 6.9cm (with hook: 43cm)

- 2 IN 1 FUNCTION – HANG OR STAKE
- CREATES A LOVELY REFLECTIVE LIGHT PATTERN
- SIZE OF LANTERN – 10.3 X 6.9 X 6.9 CM
- CHARGING TIME – 8 HOURS
- WARM WHITE LEDS (not replaceable)
- AMORPHOUS SILICON SOLAR PANEL
- OFFERS HIGHER EFFICIENCY, CAN WITHSTAND HIGHER TEMPERATURES WITHOUT OUTPUT BEING AFFECTED, PERFORMS BETTER IN LOW LIGHT CONDITIONS
- LIGHTING MODE – ON / OFF / LIGHT SENSOR
- WATERPROOF – IP44 RATED

ASSEMBLY INSTRUCTIONS / INSTRUCTIONS FOR USE:

Unpack the components carefully. Please check all parts have been removed from the packaging.

Before using first time

Allow lamp to charge for at least 8 hours in full sunlight with the ON/OFF switch in the ON position. The ON/OFF switch is located under the solar panel. Once the batteries are fully charged, set the ON/OFF switch to ON. If the lamp does not turn on after dark refer to Maintenance section.

Find an ideal Place for the Solar Light.

Place the solar light in an area where it will receive direct sunlight for at least 8 hours per day. The number of hours the light will illuminate is directly proportional to the hours of sunlight it receives. If the light is placed in a shaded area, it will not be able to fully charge and its illumination time will be limited. Do not place the light near other outdoor lighting like porch or streetlights. These may fool the sensor and keep the light from coming on, or cause it to turn off automatically

To easily insert stakes into the ground, it is recommended to wet the ground first. To avoid damaging garden stakes when inserting into the ground, select a spot in soft, rock-free soil. Insert the base of the stake first then gently insert the rest of the stake into the base. DO NOT push directly against the solar cell or the ornament housing containing the actual LED light.

Set 6 Cut Out 2 in 1 Solar Lights K241 Instructions for Use

Please read and retain these instructions for future reference

v001: 02/12/22

FIRST TIME USE:

- If you press the ON/OFF switch down to "ON" position, the light sensor will control the light automatically. When it turns dark, the solar light will turn on and use the energy stored in the battery. If you press the switch again, the solar light will turn off to save energy.
- If the solar light does not turn on automatically at night after 8 hours of charging during the day, please check the following :
 - (1) Make sure the power switch is at the "ON" position.
 - (2) Check the battery and make sure the battery contacts the terminal securely.
 - (3) Make sure the solar light is located in a sunny location and the solar panel can receive direct sunlight.
 - (4) If the model does not have an ON/OFF switch, please remove the battery protection tip near the battery before using.

REPLACE BATTERIES:

If the solar light stops working after it has been used for a long time, the battery may need to be replaced. Open the battery cover and replace it with a new rechargeable battery.

Care and Maintenance Recommendations

1. Clean solar panel with a soft sponge every couple of weeks.
2. Make sure all connectors are still tight and no water getting in.
3. During the winter if you can bring it inside and give a good clean ready for next year.

BATTERIES

- Keep batteries away from children and pets.
- Do not mix used and new batteries.
- Remove the batteries if left for long periods.
- Never dispose of batteries in a fire.
- Battery disposal, spent or expired batteries must be properly disposed of and recycled in compliance with local regulations. For detailed information, contact your local authority.
- Follow the battery manufacturer's safety, usage, and disposal instructions.

DISPOSAL

- Coopers of Stortford use recyclable or recycled packaging where possible.
- Please dispose of all packaging, paper, cartons, packaging in accordance with your local recycling regulations.

LDPE

- Plastics, polybags.
- At the end of the product's lifespan please check with your local council authorised household waste recycling centre for disposal.
