ASSEMBLY INSTRUCTIONS / INSTRUCTIONS FOR USE:

Unpack the components carefully. Please check all parts have been removed from the packaging.

Parts

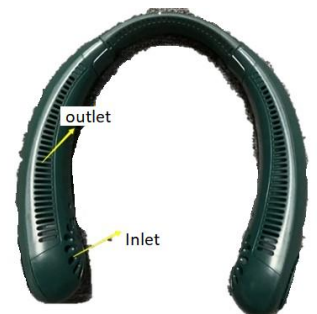

Power connection:

Note: The power to operate this fan is disabled when this is charging via USB cable. Will only function once charged and USB cable disconnected. This is to reduce risk of overheating.

This product is suitable for general USB interface line, which can be connected to mobile USB power supply, computer, ordinary and vehicle-mounted power USB supply or USB plug.

Wind adjustment

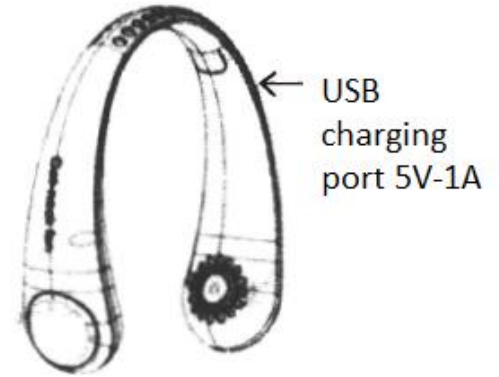

Put the fan around your neck with the wind outlet upwards. Press the Power button to turn the fan on. This will set the Speed to Level 1 (refreshing). Press the button again to increase to Level 2 (double cooling) and a third time for Level 3 (instant cooling).

CHARGING:

ENSURE THE POWER IS SWITCHED OFF BEFORE CHARGING.

Insert the provide USB cable into the charging port and plug the other end into the USB power port or USB plug.. The blue light will flicker when the fan is charging and the flickering will stop when fully charged. **The power to operate this fan is disabled when this is charging via USB cable.**

Fully charge time: 3.5-4hours
Using time:1-1.5hours

WARNINGS:

- **Do not charge with power switch set to ON.**
- Always remove the USB cable when charging is completed to allow fan to function.
- Children only to use the fan under adult supervision.
- No user serviceable parts.
- Always switch OFF when not in use.
- Do not immerse in water.
- Do not drop the fan.
- Do not use in dusty environments, near open fire, or places that produce hot air.
- Do not touch the protective net with your fingers or any other objects.
