

- **Powerful 3W COB LED**
- **Comfortable adjustable head strap**
- **Tiltable head to adjust the angle of the light**
- **Three light settings - high power, low power and flashing**
- **Powered by 3 x AAA batteries (not supplied)**

COB LED

COB or 'Chip on Board' is a collection of LED chips that illuminate as a light panel. They produce a brighter and wider array of light compared to standard LEDs.

Battery installation and replacement

Release the clip on the top of the head torch to open and access the battery compartment. Insert 3 x AAA batteries, observing the polarity markings. Fold the head torch back together until you hear a click.

Directions for use

Press the button on the top of the head torch to cycle through the three light settings - high power, low power and flashing.

Safety warning

This product contains high performance LEDs - do not shine light directly into eyes. Keep out of reach of children. Remove the batteries if the light is not going to be used for an extended period. Do not mix new and used batteries. Do not mix different types of batteries. Exhausted batteries should be removed immediately. Failure to follow these instructions could result in fire, electric shock, injury or damage to persons, product or property and will invalidate the guarantee.

Guarantee

This product is guaranteed for one year from the date of purchase against faulty parts or workmanship. It does not cover batteries or physical damage to the units. Proof of purchase required. This does not affect your statutory rights.

Batteries

This product uses 3 x AAA batteries. They should be removed prior to disposal.
