

# Solar Security Light

Thank you for purchasing our Solar Security Light, a solar-powered spotlight that detects motion and deters potential intruders whilst providing light.

We hope you will be happy with your purchase.

## Ideal for:

- Porches
- Patios
- Garages
- Sheds
- Driveways

## Features:

- Solar charging, power saving, easy to install and wire free.
- The angle of the solar panel is adjustable (90 degrees up and down, 180 degrees horizontal)
- Lamp features red flashing LED to deter intruders.
- Motion activated at a range of 6-8 metres via a PIR sensor.
- 300 lumens bright white light provided by 30 LEDs.

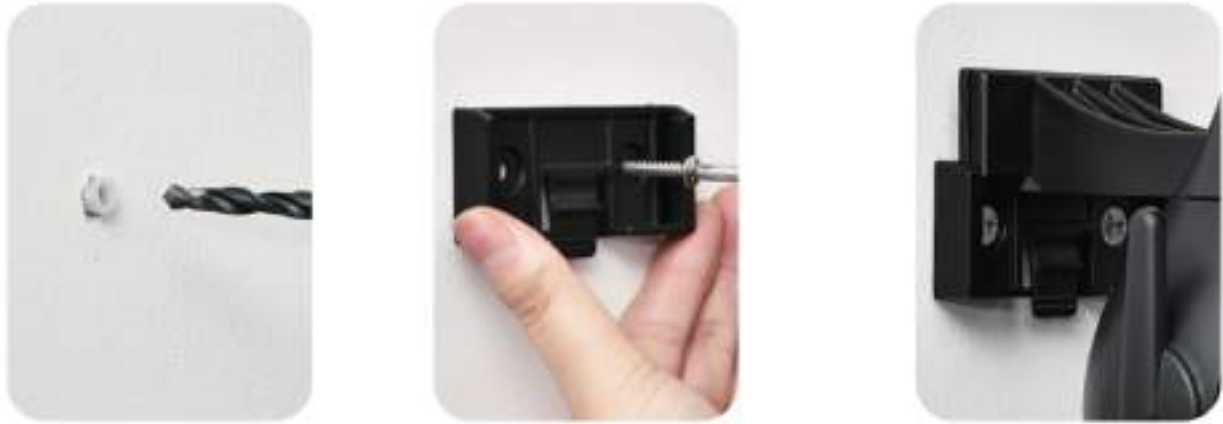

## Parts List:

- 1 x Solar Security Light
- 1 x Wall Panel Base
- 1 x Set of Screws and Expansion Sleeve
- 1 x Instruction Sheet

## Technical Parameters:

- Luminous flux: maximum 300 Lm
- Battery: 1 x 18650 3.7V 1200Ah

## Installation:

1. Select the optimal location which receives the most sunlight during daylight hours.
2. Drill two holes and insert expansion sleeves (hard walls require 6mm perforations) then affix panel base and screw into place.

Note: Do not install during hours of darkness under artificial light as the inbuilt sensors will prevent activation.

3. Once lamp is fixed, adjust the solar panel so that it faces the noonday sun to generate maximum power.
4. Adjust the elevation of the sensor to the area that you wish it to illuminate.

## Mode Settings

**Mode 1:** Sensor activated high brightness: When the sensor detects passers-by, it will switch on for 30 seconds and then auto turn off. The red LED flashes on and off in this mode

**Mode 2:** Sensor activated steady low brightness: When the sensor detects passers-by it will switch on for 30 seconds then auto turn off. The red LED flashes on and off in this mode

**Mode 3:** Steady on low brightness: The light is continually on. Red LED is off.  
Give a single press of the power button to switch between modes.

To protect the environment, batteries must not be thrown in the domestic garbage, nor disposed of in a fire as they contain dangerous materials.

Please dispose of the batteries by taking them to the local waste collection service for recycling. Replacement batteries can be purchased at most electrical retailers.

**WARNING: This is not a toy. Keep away from children and pets**
