

# Tree LED Door Curtain with Tension Rod

## Instructions for Use

Please read and retain these instructions for future reference

Item No: M992 / 46567

v001: 05/07/24

**Power Details:** Battery Type & details: 2x AA Batteries  
(Not Included)

**ALWAYS USE ALKALINE BATTERIES.  
DO NOT USE LITHIUM BATTERIES.**

**Please read this instruction manual thoroughly before starting and ensure you are familiar with the operation of your new Tree LED Door Curtain with Tension Rod**

### **ASSEMBLY INSTRUCTIONS / INSTRUCTIONS FOR USE:**

Unpack the components carefully. Please check all parts have been removed from the packaging.

- For indoor use only as decorative curtain panel or wall hanging.
- This seasonal product is not intended for permanent use.
- DO NOT place this product near heaters, fireplaces, candles or other sources of heat.
- Please read and follow the instructions for light placement below.
- This product is NOT A TOY and should NOT be operated by children. Children should be supervised whenever this product is in their presence.
- Remove light string before washing. DO not use in or near water with lights attached.

## Parts

- 1x 15 LED light bulbs chain. (2 x AA batteries required. Not included)
- 1x plastic rod (4 parts)
- 1x tension rod
- 1x fabric panel

## Assembly instructions

- Determine the back of the panel (the care and fibre label are sewn on the back of the panel).
- Refer to the diagram. The number 1 represents the bulb at the end of the string. The number 15 represents the bulb nearest the battery box.
- Working from the back of the panel, begin with the end light and start inserting the tip of the bulb through the knit hole. The hole looks like a buttonhole in fabric. Push the lights all the way through the curtain.
- Follow the number sequence in the diagram, inserting all bulbs into the proper holes.
- Use tension rod to hang on top at the top of the panel (rod pocket on panel) and adjust the size of tension rod to fit the door/window.
- Assemble the plastic rod (4 small parts) to become one long plastic rod. Insert this into the pocket at the bottom of the panel.
- Once you hang the panel, you may find it necessary to slightly untwist some of the wire on the light so make the panel hang flat and smooth.
- Once in place the battery pack with batteries inserted can be placed into the small pocket at the back side in the middle of the panel.

Inserting the plastic rod

Battery box pocket

## Care & Maintenance

Machine washable at 30 degrees. **IMPORTANT: Remove string lights before washing.**
