

Features

The Compact Dehumidifier uses Peltier technology (no compressor), which makes it light and quiet. It is perfect for small rooms. Poor ventilation causes musty odours and fungus in wardrobes, larders, cabinets or storage rooms etc. The Compact Dehumidifier eliminates this problem by keeping them free of unwanted moisture.

- To avoid electric shock. Do not open. There are no user serviceable parts inside.
- Any repair work must be done by a qualified technician.
- Specifications are subject to change for improvement without prior notice.

Specifications

Capacity: approximately 200ml – 250ml per day at 30°C, 80% RH

Cooling element: thermos-electric Peltier module

Fan: 80mm x80mm DC Brushless motor

Power adaptor: DC 9V 2.5Amp

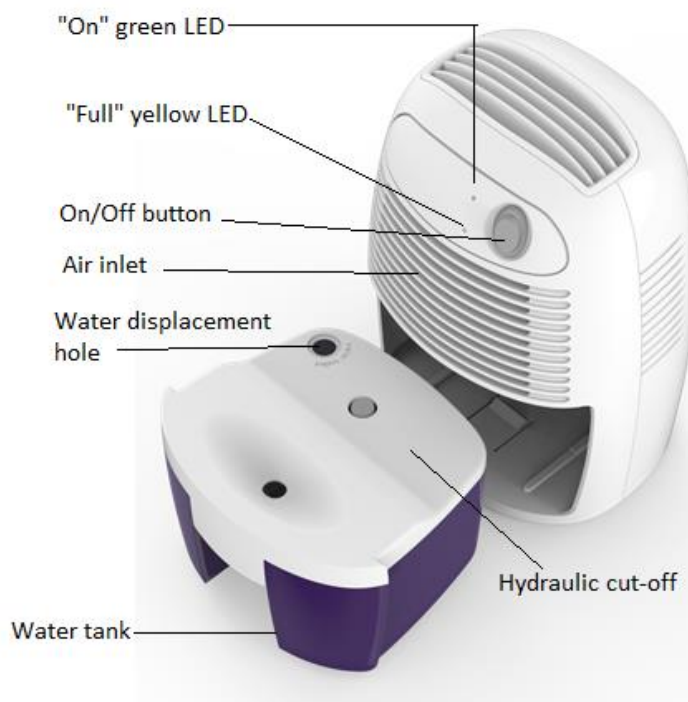

Power consumption: 21W

Removable water tank: 500ml

Water Level Detector: Automatic switch off with "Yellow" LED Indicator when water tank is full.

Product dimension: 155mm (W) x 220mm (H) x 130mm (D)

Working environment: Over 15°C, over 40% RH (relative humidity)

Connections

1. After removing the packaging materials, there should be 2 items:
 - a. Compact Dehumidifier.
 - b. AC/DC Power adaptor.
2. Plug the DC power jack of AC/DC power adaptor to the DC power socket, then connect the AC plug of the AC/DC power adaptor to the appropriate main socket.
3. Press the "On/Off" button to "On" position, the Compact Dehumidifier will begin to operate. The green LED will turn on. Listen and feel for the air blowing from dry air outlet.
4. To switch off unit, press "On/Off" button to "Off" position, the Compact Dehumidifier will be turned off.

Removable Water tank

When the water tank is full, with approximately 500ml of water collected, the unit will switch off automatically and the "Yellow" LED will be on.

To remove the water tank, first switch off the Compact Dehumidifier, press "On/Off" button to the "Off" position. Then, remove the water tank from the unit and put the water tank back into the unit. To continue dehumidifying press the "On/Off" button to "On" position again.

Cleaning

Before cleaning the unit, turn off the Compact Dehumidifier and unplug the AC plug from the main socket first. Use a piece of soft cloth to clean the surface of the product or use a brush to wipe the dust off the grills of the air inlet. Do not immerse in water, keep dry at all times.

Cautions

1. Switch the unit off by pressing the "On/Off" button to "Off" position.
2. Avoid using the AC/DC power adaptor in wet or damp place, and position it in areas where the air ventilation is good.
3. Keep the front grill and top outlet free from air blocking materials such as clothing, plastic bags or papers.
4. Do NOT place on delicate surfaces that are susceptible to heat or moisture damage.
5. Always keep the unit in an upright position to avoid water leakage.
6. This is not a toy keep away from children.
7. Not for commercial use.
