Garden Trolley 10528

Instructions for Use

Please read and retain these instructions for future reference

v001: 21/10/16

Step 1:

Assemble the 4 wheels to the frame.

Step 2:

Assemble the plate to the top of the frame

Step 3: Insert the handle tube to the holes and fix into place with the split pins. When fitting the security pins please note that these require to be pressed firmly at an angle so that it fits to side of the central spokes.

Step 4: You can also insert the handle tube like below.

WARNINGS / CAUTIONS:

- Be careful when using over rough ground to avoid the trolley tipping over.
- Ensure loads are stable before moving the trolley.

CLEANING/MAINTENANCE INSTRUCTIONS:

- Clean after use.
- Check nuts and bolts are secure before each use.
- Occasionally grease or oil any moving parts.
- Store in a dry place.

DISPOSAL:

- Dispose of all packaging, paper, cartons and plastic, plastic bags in accordance with your local recycling regulations.
- At the end of the product's lifespan please dispose of it at an authorised household waste recycling centre.
