

PARTS

ASSEMBLY

Stage 1

Erect the frame as indicated using poles A, B and C by inserting them into holders 1, 2 and 3.

Stage 2

Place the top part of the netting D over the top of the cage and secure using a few cable ties F.

Stage 3

Attach one end of the netting E to one of the upright poles C using the cable ties F.

Stage 4

Wrap the netting E around the cage securing with cable ties F on each upright pole C, leaving one end loose for entry.

Stage 5

Secure the last section of netting with the green hook and loop fabric tape G to upright pole C, to create an opening for access.

Stage 6

Secure the netting down using any left over cable ties F if required.

Stage 7

Secure the fruit cage down using the ground stakes H.

CLEANING

Wipe poles clean with a soft damp cloth.

DISPOSAL

Dispose of all paper, cartons and plastic in accordance with your local recycling regulations. At the end of the product's lifespan please dispose of it at an authorised household waste recycling centre.
