Please read and retain these instructions for future reference.

Please read this instruction manual thoroughly before use and ensure you are familiar with the operation of your new Cordless Iron.

Parts
A. Water spray button  
B. Steam regulating knob  
C. Pilot light  
D. Temperature control  
E. Water tank  
F. Soleplate  
G. Spray nozzle  
H. Filling cap  
I. Rubber foot  
J. Base  
K. Connector  
L. Cord storage cover

Power Details:  
Voltage: 220-240V  
Wattage: 1800W  
Frequency: 50-60Hz
SAFEGUARDS:
- DO NOT OVERFILL AS THIS MAY CAUSE SPILLAGE. DO NOT FILL ABOVE THE “MAX” OR BELOW “MIN” MARKS.
- AVOID CONTACT WITH STEAM EMITTED WHILST IN OPERATION TO AVOID ANY INJURY.
- DO NOT LEAVE THE APPLIANCE UNATTENDED WHEN IN USE.
- YOUR IRON IS DESIGNED TO REST ON ITS HEEL, DO NOT PLACE ON ANY UNSTABLE OR UNPROTECTED SURFACE.
- SELECT THE DESIRED SETTING FOR FABRIC BEING IRONED TO AVOID DAMAGE.
- BURNS MAY OCCUR FROM TOUCHING HOT METAL PARTS, HOT WATER OR STEAM.
- CAUTION MUST BE OBSERVED DURING OPERATION.
- AVOID USING WITH AN EXTENSION CORD TO AVOID A HAZARD.

USE:
Remove the protective film from the soleplate before using.
You can use your steam iron with regular tap water. If you live in a hard water area, distilled or demineralised water should be used in order to increase the steam iron’s life span.

Filling the water tank (for steam ironing)
Unplug the appliance and turn the temperature control (D) to position “min” (minimum).
Fill the water tank until the water level has reached the centre of the transparent window when held horizontally.
Close the lid again.
The iron can now be plugged into an appropriate power socket.

Supply of electricity
To charge the iron, place on the power base.

Temperature control:
Place the steam iron upright and select the desired temperature control. Note the care symbols on the textiles:
Set to * for Chemical fibres/synthetic
Set to ** for Natural fibres/silk/wool
Set to *** for natural fibres/cotton/linen
SORT YOUR LAUNDRY ACCORDING TO TEXTILE AND CORRESPONDING STEAM TEMPERATURES. IT IS RECOMMENDED TO IRON DELICATE FABRICS REQUIRING A LOW STEAM TEMPERATURE FIRST, AS THE STEAM IRON HEATS UP MORE QUICKLY THAN IT COOLS.

THE PILOT LIGHT (C) INDICATES THAT THE STEAM IRON IS HEATING TO TEMPERATURE. AFTER THE PILOT LIGHT SWITCHES OFF, THE SELECTED TEMPERATURE HAS BEEN REACHED AND YOU CAN START IRONING.

FUNCTIONS

**WATER SPRAY**

To moisten fabrics, press the “water spray” (A) button.

**DRY/STEAM**

The steam intensity can be adjusted by turning the steam regulating knob.

“min” = steam dry

= maximum steam outflow

AUTOMATIC ELECTRICITY INTERRUPTION FOR SECURITY

If the installed thermostat malfunctions, the power supply will automatically shut off, preventing the iron from overheating. If this occurs, the iron must be repaired by a qualified electrician.

MAINTENANCE/CLEANING/CARE

Switch the steam iron off (Turn control (D)-position to minimum temperature; see mark on water tank) and unplug. Place the steam iron upright and let it cool completely, then empty the water tank.

Remove any residue from the soleplate with a vinegar-water solution. Rub the casing with a moistened cloth and rub it dry.

Depending on the frequency of use, the iron should be cleaned monthly to increase its usable life.

- Fill the water tank half-full with water.
- Place the steam iron on the base to charge.
- Set the thermostat (D) to the “max” position and connect the steam iron base to the mains.
- Wait until the steam iron is completely hot (The pilot light will switch off).
- Remove the steam iron from the base.
- Hold the steam iron horizontally over a washbasin.
- Water and steam will run out of the iron.
- Residues like chalk deposits (if present), should be washed away by the draining water.
- Continue this process until the water tank is nearly empty.
- Set the steam function (B) to position “”, place it on the base and connect to the mains.
- Set thermostat (D) to the “max” position. Let the steam iron become hot again.
- The remaining water in the tank will vaporise and exit through the steam holes.
- We recommend moving the steam iron over an old tissue during this process.
- Use of filtered water will reduce the build-up of lime scale and prolong the use of this iron.

WARNINGS AND SAFETY INSTRUCTIONS:
WHEN USING ELECTRICAL APPLIANCES, BASIC SAFETY PRECAUTIONS SHOULD ALWAYS BE FOLLOWED:

- READ ALL INSTRUCTIONS BEFORE USE.
- FOR DOMESTIC INDOOR USE ONLY.
- DO NOT USE OUTDOORS OR FOR COMMERCIAL USE.
- BEFORE USE, CHECK THOROUGHLY FOR ANY DEFECTS AND DO NOT USE IF DEFECTS ARE FOUND. TAKE CARE NOT TO DROP THE APPLIANCE AS HEAVY IMPACTS MAY CAUSE INTERNAL DAMAGE.
- BEFORE CONNECTING THE APPLIANCE, CHECK IF THE VOLTAGE INDICATED ON THE BOTTOM OF THE APPLIANCE IS IN ACCORDANCE WITH THE MAINS VOLTAGE IN YOUR HOME.
- CHECK THE APPLIANCE AND POWER CABLE CAREFULLY FOR DAMAGE BEFORE EACH USE.
- THIS APPLIANCE CAN BE USED BY CHILDREN AGED FROM 8 YEARS AND ABOVE AND PERSONS WITH REDUCED PHYSICAL, SENSORY OR MENTAL CAPABILITIES OR LACK OF EXPERIENCE AND KNOWLEDGE IF THEY HAVE BEEN GIVEN SUPERVISION OR INSTRUCTION CONCERNING USE OF THE APPLIANCE IN A SAFE WAY AND UNDERSTAND THE HAZARDS INVOLVED. CHILDREN SHALL NOT PLAY WITH THE APPLIANCE. CLEANING AND USER MAINTENANCE SHALL NOT BE MADE BY CHILDREN WITHOUT SUPERVISION.
- CHILDREN OF LESS THAN 3 YEARS SHOULD BE KEPT AWAY UNLESS CONTINUOUSLY SUPERVISED.
- SOME PARTS OF THIS PRODUCT CAN BECOME VERY HOT AND CAUSE BURNS. PARTICULAR ATTENTION HAS TO BE GIVEN WHERE CHILDREN AND VULNERABLE PEOPLE ARE PRESENT.
- THE USE OF ANY ACCESSORY ATTACHMENTS NOT RECOMMENDED BY COOPERS OF STORTFORD MAY CAUSE INJURIES AND INVALIDATE ANY WARRANTY YOU MAY HAVE.
- DO NOT LET THE POWER CABLE HANG OVER THE EDGE OF A TABLE OR COUNTER, OR TOUCH HOT SURFACES.
- DO NOT PLACE ON OR NEAR HEAT SOURCES.
- USE ON A LEVEL, STABLE SURFACE.
- DO NOT COVER THE ITEM IN ANY WAY WHEN IN USE AS THIS MAY CAUSE OVERHEATING.
- DO NOT USE THIS APPLIANCE FOR ANY OTHER USE THAN THE INTENDED USE IT IS DESIGNED FOR.
- ENSURE THERE IS SUFFICIENT WORKING SPACE AWAY FROM OTHER OBJECTS WHEN IRONING.
- ALLOW THE ITEM TO COOL THOROUGHLY BEFORE PUTTING ON OR TAKING OFF PARTS.
- TO PROTECT AGAINST ELECTRIC SHOCK, DO NOT IMMERSE POWER CABLE, PLUG OR APPLIANCE, IN WATER OR ANY OTHER LIQUID.
- DO NOT USE NEAR OR IN THE IMMEDIATE VICINITY OF A BATH OR SWIMMING POOL OR ANY SOURCE OF LIQUID.
- UNPLUG FROM OUTLET WHEN NOT IN USE AND BEFORE CLEANING.
• DO NOT OPERATE ANY APPLIANCE WITH A DAMAGED POWER CABLE OR PLUG OR AFTER THE APPLIANCE MALFUNCTIONS, OR HAS BEEN DAMAGED IN ANY MANNER. WE RECOMMEND THAT THE POWER CABLE IS NOT KINKED OR STORED IN A TWISTED MANNER, AND THAT YOU REGULARLY CHECK ITS CONDITION.

• ANY REPAIRS MUST BE CONDUCTED BY A QUALIFIED ELECTRICIAN OR ELECTRICAL SERVICE AGENT.

PLUG)

The Cordless Steam Iron is fitted with a 13A Moulded plug. If this plug breaks, then seek a qualified electrician to replace this with a rewire-able BS1363 13 Amp plug.

DISPOSAL

• Dispose of all packaging, paper, cartons and plastic, plastic bags in accordance with your local recycling regulations.

• At the end of the product’s lifespan please dispose of it at an authorised household WEEE waste recycling centre.
