Salt & Pepper Sensor Mills 10415 Instructions for Use

Please read and retain these instructions for future reference

v002: 06/12/16

TECHNICAL DETAILS:

VOLTAGE: 6V d.c. 4 x 1.5v AAA batteries (not included)
CURRENT: 300mA
WATTAGE: 4W

USER INSTRUCTIONS:

Battery installation:

- Rotate the bottom base cover counter clockwise and remove the base cover.
- Battery pack should come out but may need a gentle tap by hand to the side of the mill.
- Install 4x 1.5V ‘AAA’ batteries (not included) according to polarity which is indicated on the power pack.
- Refit the battery compartment back into the base, refit base and rotate clockwise until it clicks to secure.

USE:

Start using your gravity mill. For best results tilt it at an angle up to 60°. The built in sensor will then automatically dispense your salt or pepper.
TO REFILL:
- Remove the base with the power pack by turning it counter clockwise;
- Fill mill with peppercorns or sea salt crystals up to 80% of jar capacity. Do not over fill.
- Place the base with power pack back in place, ensure top and base cover are secure.

TO ADJUST GRIND LEVEL:
- Adjusting knob is located on top of the mill. Turn clockwise for fine grinding and counter-clockwise for a coarser grind.

WARNINGS / CAUTIONS:
- Never immerse your mill in water.
- Store your mill in a dry place.

CLEANING INSTRUCTIONS:
- Clean the outside of the mill with a soft damp cloth.
- Store in a cool dry location.

BATTERIES:
- Keep batteries away from children and pets.
- Do not mix used and new batteries.
- Remove the batteries if left for long periods.
- Never dispose of batteries in a fire.
- Battery disposal, spent or expired batteries must be properly disposed of and recycled in compliance with local regulations. For detailed information, contact your local authority.
- Follow the battery manufacturer’s safety, usage, and disposal instructions.

DISPOSAL:
- Dispose of all packaging, paper, cartons and plastic, plastic bags in accordance with your local recycling regulations.
- At the end of the product’s lifespan please dispose of it at an authorised household WEEE waste recycling centre.
