

Flexible assembly possibilities

Natural product made from real bamboo

8 pieces – height: approximately 20cm - 2.5m length

Set consists of 8 elements. Flexibly adjustable e.g. for rounded corner pieces or oval flower beds.

The natural fence for your flower beds.

Suitable for neatly separating flower beds from areas of lawn. The bamboo edging harmoniously fits into the garden environment and is easily assembled:

Just push the ends of the elements close together and position into the ground with the tapered ends first.

The long bamboo sticks guarantee a firm hold.

DISPOSAL:

- Dispose of all packaging, paper, cartons and plastic, plastic bags in accordance with your local recycling regulations.
- At the end of the product's lifespan please dispose of it at an authorised household waste recycling centre.
