

**Detail:**

35cm x26cm x10cm deep, handles extendable to fit over the sink, extended length: 55cm

Instructions:

Precision perforation on stainless steel sheet provides solid and sturdy build quality for durability. It is suitable for small households as well as when cooking for a large number of guests at events and parties. Use the colander to wash, sieve, strain, drain pasta, berries, leafy greens. Stainless steel handles are covered with smooth black rubber protection for a soft, comfortable grip and stay-cool properties.

Care and Use:

- Anti slip handles keep the colander in place.
- The colander's sturdy handles extend from 35cm out to 55cm which allows it to be used over or in most sinks, and rest firmly over the sink for hands-free use.

Cleaning Instructions:

- It's easy to clean under a kitchen tap. In the event of food deposits stuck in the mesh, remove these with a nylon dish brush first.
- Dishwasher safe.

DISPOSAL:

- Dispose of all packaging, paper, cartons and plastic, plastic bags in accordance with your local recycling regulations.
- At the end of the product's lifespan please dispose of it at an authorised household waste recycling centre.
