OF STORTFORD

*Calls cost 7 pence per minute plus your telephone company's network access charge

Step 2: Stick the feeding station into the ground in your garden

Step 3: Install part C (1pc) and E (2pcs) to the station

Step 4: Place part F and G on the ring of part C

Step 5: Hang the 3 bird feeder(part I,J and K) on the hook

SPECTACULAR:

Wild birds will naturally be attracted to the multi hook bird feeder and water station and you can comfortably enjoy the birds feeding off the station from the comfort of your home! The rustic and vintage look of the bird feeding station will enhance your garden landscape whether you opt to place it in front of the house or the backyard.

PREMIUM QUALITY:

Rust resistant, sturdy steel pole, easily adjust components to any desired location by loosening and tightening wing nuts by hand. No tools required! Forked base prong adds stability and permits easy placement. Just step down to plant in the ground. Mesh tray and water bowl detach for easy cleaning.

MULTIPLE HOOKS AND TRAYS:

The bird feeding station comes with large top hooks which are ideal for hanging longer and larger feeders and additional hooks which are completely adjustable anywhere on the pole and effective for hanging smaller feeders to attract robins, sparrows, woodpeckers and starlings. The wire mesh tray is great for mealworms, nuggets, suet, fruit, even seed mixes and the plastic water bowl included in the box is ideal for a bird bath.

GIFT IDEA:

Caring and feeding wild birds is a selfless act which brings immense joy and this bird feeding station will be an ideal gift for your loved ones. The new owner will need to maintain the feeding station and keep it stocked and clean on a regular basis and is a great gift for young ones to care for what nature has provided us.

CARE AND CLEANING INSTRUCTIONS:

- Do NOT use abrasive cleaners or sharp utensils to clean this appliance.
- Wipe with a clean dry cloth.
