

Meerkat Family Solar Light 10973 Instructions for Use

Please read and retain these instructions for future reference

v001: 23/10/17

INTRODUCTION:

Solar garden lights require no wiring as they charge throughout the day from the sun's rays. Ideally, they require a sunny position, although will gain some charge on an overcast day. Solar lights come on automatically at dusk and are ideal for illuminating garden decking or pathways with a gentle glowing light.

SPECIFICATION:

Long life bright LED
2V 40mA solar panel
Ni-Mh rechargeable battery (included)
Light: 3.5cm diameter approx

BATTERIES:

- Keep batteries away from children and pets.
- Do not mix used and new batteries.
- Remove the batteries if left for long periods.
- Never dispose of batteries in a fire.
- Spent or expired batteries must be properly disposed of and recycled in compliance with local regulations. For detailed information, contact your local authority.
- Follow the battery manufacturer's safety, usage, and disposal instructions.

DISPOSAL:

- Dispose of all packaging, paper, cartons, plastic and plastic bags in accordance with your local recycling regulations.
- At the end of the product's lifespan please dispose of it at an authorised household WEEE waste recycling centre.

*Calls cost 7 pence per minute plus your
telephone company's network access charge
