

## Instructions for use:

- Small, compact strainer that is easy to use. Store in a quarter the size of a traditional strainer. Great when working with limited counter space. Hands free and heat resistant eliminating the risk of burning which can occur when handling bulky conventional strainers.
- Easy storage in tight spaces.
- Snaps onto pots, pans and bowls, big and small with two sturdy clips. The strainer keeps the food in the pot throughout straining eliminating the transferring process. Tilt to strain while the food stays in the pot.

## CARE AND CLEANING INSTRUCTIONS:

- Wipe clean only.

## DISPOSAL:

- Dispose of all packaging, paper, cartons, plastic and plastic bags in accordance with your local recycling regulations.
- At the end of the product's lifespan please dispose of it at an authorised household waste recycling centre.
