

SPECIFICATIONS:

Charging time (in persistent sunlight)	7 hours
Burn time (fully charged)	7 hours
Rechargeable battery	4 × 1.2 V Ni-MH AA200mAh

USER INSTRUCTIONS:

Assembly

1. Set the power switch to the ON position.
2. When placing the solar stone lights in the garden, make sure that they are exposed to maximum sunlight for charging purposes and are not triggered by other light sources such as street lights or other false triggering sources.
3. If the battery needs replacing, batteries of the same type and specification need to be used (1.2 V Ni-MH AA200mAh). To replace the battery remove screws from back panel and lift it off. Remove battery. (See diagram)

Warnings/Cautions

- Handle the product with care, making sure not to damage the solar panel's surface and ensuring that it is not covered with dust or affected by other contaminants.
- The product must not be changed or modified in any way.
