

For use in the day

For use in the day and evening (solar)

## INSTRUCTIONS FOR USE:

- Catches all insects.
- Insect & Wasp Trap can be used to hang in the garden or placed on a flat surface.
- Two tapered funnels will let insects in but they cannot get out.
- Unscrew the lower part of the trap and fill with fruit juice, beer or sugared water. Do not fill above the bottom of the tapered funnels.

## Solar Insect & Wasp Trap

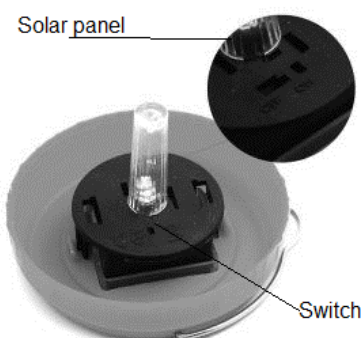

- The solar insect & wasp trap has a light sensor which turns on the light automatically at night.
- The solar powered light attracts insects.
- Before use activate the switch button.
- LED lights will come on at dusk and turn off at dawn.
- The light is powered by solar energy through the solar panel.

**Battery details: NiMH 1.2V 40mAh**

## BATTERIES

- Keep batteries away from children and pets.
- Do not mix used and new batteries.
- Remove the batteries if left for long periods.
- Never dispose of batteries in a fire.
- Battery disposal, spent or expired batteries must be properly disposed of and recycled in compliance with local regulations. For detailed information, contact your local authority.
- Follow the battery manufacturer's safety, usage, and disposal instructions.

## DISPOSAL

- Dispose of all packaging, paper, cartons, plastic and plastic bags in accordance with your local recycling regulations.
- At the end of the product's lifespan please dispose of it at an authorised household WEEE waste recycling centre.
