Our 50-year calendar has a moveable wheel with months, years, dates and days of the week which gives you an accurate calendar for each month for the next 50 years.

Note that January and February are marked twice. The red months are intended for leap years.

Instructions: Simply move the wheel to place the year over the month. Below it will indicate the day of the week for each date.

Care instructions: Wipe clean when necessary with a soft cloth.
